

EXPLORING ETERNITY

— JUNE 2019 SERIES —

DISASTER AVERTED!

I am here thanking God for the terrible things that could have happened but was averted. At about 4:50am this morning, I went to the kitchen like every other day to boil water. Usually, we use gas, but unknown to me, the whole house had been saturated with gas, as one of the gas knobs was turned on over the night. Unfortunately, I was having serious catarrh, so this prevented me from perceiving the gas. I took a match stick to light up the gas, but got distracted by the messy oil stains on one of the gas plates. In an effort to check the oil and clean it, I dropped the match box. It was then that I got to see the turned-on knob. Calling my wife out, she screamed on opening the door, seeing that the whole place was filled with gas. With me in the house were our one-month old baby, my wife, my mother-in-law and a relative. It could have been a total disaster this morning if not for God. We bless God for His faithfulness and mercy! - C.A

SAM ADEYEMI PODCAST

8TH & 9TH JUNE, 2019

ETERNITY MINDED

Ecclesiastes 3:11

Pastor Sam Adeyemi

The beautiful thing for us believers is the fact that God's word helps us to understand how our world works; how it was created, what it was created for and God's plans and purposes for it. The earth was designed to exist forever and man was designed to live forever on it. God had a back-up plan. Something went wrong, man sinned and the earth was cursed for it and the Bible tells us in Revelations that there will be a new heaven and a new earth.

Our focus for today is on the fact that man is designed to live forever. God told Adam, "If you sin you die" and obviously He wasn't speaking only about physical death. Man was separated from God, which is spiritual death and as a result of that, man's body developed the capacity to disintegrate, death was introduced into the equation. But then, it is man's body that dies, not his spirit and his soul.

God created time, but He is eternal. He lives in timelessness. It is a dimension but is not measured with clocks or watches. The beginning is the same end so God declares himself the Alpha and Omega. God spans everything. As seen from the creation story, what God put into man's body wasn't just oxygen or air for man to become a living soul. If it was as simple as that, we also would have created man in our own image. No, it wasn't just mere air that God put into Adam's body. It was spirit and soul. God pulled something out of Himself and dumped it into Adam's body because He was creating man in his own image and after His own likeness. So, we have some of God's qualities. Since God is eternal, man's spirit is eternal. As seen in Eccl 3: 11, God has given us the capacity to sense eternity.

ATTENTION: PARKING FACILITY

We are fully aware and appreciate the stress and challenges members go through when trying to park their cars on Sundays. Please be assured that we are working assiduously to resolve these issues as soon as possible. We thank you for your cooperation and understanding and we encourage you to make use of our **designated parking facility at Plot 10 Mobolaji Johnson Road, Alausa**. Parking in undesignated places may compromise the safety of your vehicle, as it may be vandalized or towed away.
